Patients with commercial insurance coverage that does not provide formulary coverage for INGREZZA are NOT eligible for this Program. Uninsured and cash-paying patients are NOT eligible for this Program. Patients enrolled in any state or federally funded healthcare program, including but not limited to, Medicare, Medigap, Medicaid, VA, DOD, TRICARE, and Puerto Rico Government Health Insurance Plan are NOT eligible for this Program. This Program is restricted to residents of the United States and Puerto Rico. Eligible patients may pay as little as \$0 out of pocket costs on each fill, however limitations, including monthly or per capsule maximums, may apply. Subject to all other terms and conditions, the maximum annual benefit that may be available solely for the patient's benefit under the Program is up to the ACA annual individual out-of-pocket maximum per calendar year, regardless whether the patient's health plan or prescription is subject to such maximum. Only the eligible patient using the Program may receive the funds made available through the Program. The Program is not intended for third parties who reduce the amount available to the patient or take a portion for their own purposes. The actual application and use of the Program may vary on a monthly, quarterly, or annual basis depending on each individual patient's plan of insurance and other prescription drug costs.

This Program is not insurance. The Program is void if copied, reproduced, transferred, purchased, sold, altered, counterfeited, traded, or where taxed, prohibited or restricted by law. No substitutions are permitted. The Program cannot be combined with any other financial assistance program, coupon, free trial, discount, prescription savings card, or other offer.
